At GREENWORKS® we have been developing battery powered equipment from day one. Although 18 volts is the industry standard, we do not settle for standard. Instead, our equipment delivers true performance in every voltage range. The people behind the GREENWORKS® brand are Globe Group. As a young company, we are front-runners in a world that leaves fossil fuels and electric cords behind. With subsidiaries all over the world, we encompass all skills, ranging from research and development to production, within Globe Group. Consequently, we control the entire supply chain, guaranteeing superior efficiency, quality, and ability to meet consumer needs.

We design and manufacture solutions for public spaces that bring people together outdoors. From shelters, furniture, barbeques, to bin enclosures (and so much more), our solutions are 100% Australian made, semi-customisable and built to withstand the toughest conditions. We're passionate about enriching lives and improving health and wellbeing through outdoor spaces. We are data-driven innovators, and actively work in close collaboration with Councils, Landscape Architects and subject matter experts to meet the evolving needs of our communities.

In nearly a century, we've never made a single internal combustion engine. And we never will. In June last year, the well-established Positec Group launched the Kress Commercial brand in Australia. Since 1928, the Kress brand has built its reputation around advanced German engineering, and endorsements from professional users who have operated and trusted Kress tools for 96 years. Today, Kress is committed to ensure the commercial landscape and maintenance industry a zero-emission future. The innovative CyberSystem™ battery technology offers a sustainable transition from petrol- to battery-powered OPE, not only benefiting the environment but, the users' profitability as well.

It all started with a vision for happier experiences at safer aquatic facilities. As the first safety surfacing engineered specifically for aquatics, our goal has always been to reduce or eliminate injuries wherever our tiles are installed. Over the past decade, our mission has expanded to include impactful design, increased play value, and inclusivity. As Life Floor evolves, one thing remains the same: people will always be at the heart of our purpose.
